Note that the Congregational Church is opposite where it sits today. In the 1830s, the church sat on the Common. It was later rebuilt on its current site facing the Common in the late 1850s. The view is looking north on Rte. 193 towards the Common. Visible to the right of the sign next to the road is a low building, the Thompson Bank, which sits today at Old Sturbridge Village. Prior to moving to Old Sturbridge Village, the building was home to Troop 66 of the Boy Scouts.

The Brass Ball Inn:

We have received an unusual post card of a large rock claiming to be the site of the Old Brass Ball inn and turnpike turnstile. While the card is in poor condition, the rock is viewable but the site of the Old Brass Ball Inn is not known. One person believes it to be in E. Thompson. If anyone knows of the site of this old inn, please contact the Historical Society.

A copy of the post card will be on display on Patriots Day at the Old Town Hall.

Pictorial History Book of Thompson Planned

The Thompson Historical Society is working on a pictorial history of the town using its extensive photo archives. The book is expected to be a large size hard cover, with chapters on each village in town.

The Historical Society is looking for volunteers to work on each village section. The plan is to have each village assigned to a "Chapter Leader". The leader is responsible for soliciting quotes and interesting facts about the village. The photos can then be used to support the quotes or facts being discussed.

Support from the Thompson public will be solicited in a series of open houses that will encourage discussion about

specific villages.

These open houses will be publicized well in advance. We encourage everyone interested in contributing to the book to attend.

Chapter leaders are :

Joe Iamartino: Thompson Hill

Dave Babbitt: North Grosvenordale

West Thompson: Alice Biesiadecki

Quinebaug: Peg Babbitt

Quaddick: Hattie Green

Open are: Mechanicsville

East Thompson, Grosvenordale,

Fabyan and Wilsonville.

We are looking for volunteer layout / designers experienced with the publish-

ing industry. Thompson is blessed with a number of published writers and experts in the printing field. We look for these people to volunteer for this book effort as publishing consultants or writers. We need your help!!

Please contact Joe Iamartino at 860 923 0151 if you are interested in participating in any capacity.
